Hinweis:

- Die Resultate wurden bereits am 12.03. auf dem Contest Evaluator verfügbar gemacht, zusammen mit dem detailliert ausgewerteten Log. Alle Teilnehmer wurden informiert. Während der „Einspruchsfrist“ (bis 14.03.) konnte jeder Teilnehmer reagieren. Die Resultate sind jetzt endgültig.
- Individuelle **Teilnehmerurkunden** können mittels Contest Evaluator via <https://sites.google.com/view/hsc-contest/home> heruntergeladen werden.
- **Detailliert ausgewertete Logs** (nach cross-check) stehen ebenfalls unter Verwendung des früher zugewiesenen Passworts zur Verfügung.
- **Bitte beachten, dass sich alle Teilnehmer mit der Logeinreichung konform zu allen Wettkampfbregeln erklären, u.a. zur genutzten Sendeleistung, d.h. max 100 W / 5 W (QRP) HF output. Der Ham-Spirit zählt!**
- **Bitte Verbesserungshinweise zum Contest an den Contest Manager schicken!**

Remark:

- The results have been made available 12 March on the Contest Evaluator together with the detailed evaluated logs. All participants have been informed. During the results objection period (until 14 March) all participants were able to react. The results are final now.
- Individual **Certificates** can be downloaded from the Contest Evaluator via <https://sites.google.com/view/hsc-contest/home>
- **Detailed evaluated logs** (after cross-check) are also available. The earlier assigned password is required.
- **Please note, while submitting their logs all participants declare themselves to be compliant with all contest rules, i.e. on the used transmit power which is max 100 W / 5 W (QRP) HF output. We count on Ham-Spirit!**
- **Please send any suggestions for improving the contest to the Contest Manager**

Wegen Sturm musste der Beam runtergekurbelt und fixiert werden.
Er stand in 3m Hoehe fest nach Osten ausgerichtet.
Die meisten QSOs wurden so getaetigt. Dank Regelaenderung macht es jetzt auch von Portugal aus Spass. 73 de Oli

DF5EN:

10m was a dream. Antenna turned to east/north-east, clean band, great pile-up right at the beginning. At 15 and 20m it was only average. At 40m then great. As expected (due to small antenna) not so good at 80m.
Summary: Great Sunday afternoon contest

DJ9AO:

Schwer zu sagen, mit den neuen Regeln, was der Contest mit dem HSC und seinen Mitgliedern zu tun hat.

DK0HSC:

What fun I had! 30 secs before shut down missed out on UA3QAM for another multi. Grrr. Missed out on some "easy" EU multis towards the end. Should have QSYed to 80m earlier. Learning experience. A variety of DXCC on all bands, no vk, sv though this time (?). If word spreads about the new rules, am sure there will be more multi dxccs on offer in the autumn contest. Hope N1MM will also reflect 2 multis in the score summary by then. A big "thank you" to Joerg, PA1MUC for providing realtime advance online adjudication. Great feature! DK4LX op DK0HSC

DK2FG:

Limited participation, 90 minutes on 80 and 40m.

DK6YA:

einmal das Band hoch und wieder runtergedreht, dann mussten die Hunde gassigehen. vy 73!

DL4FDM:

The old FT990 went QRT and I had to luck for another rig.

Lucky me I got some rigs from my dad HB9RE :-)

After the QRX continued with some nice QSOs!

Tnx PA1MUC and all for this new style HSC contest!

Hinweis:

- Die Resultate wurden bereits am 19.11. auf dem Contest Evaluator verfügbar gemacht, zusammen mit dem detailliert ausgewerteten Log. Alle Teilnehmer wurden informiert. Während der „Einspruchsfrist“ (bis 22.11.) konnte jeder Teilnehmer reagieren. Die Resultate sind jetzt endgültig.
- Individuelle **Teilnehmerurkunden** können mittels Contest Evaluator via <https://sites.google.com/view/hsc-contest/home> heruntergeladen werden.
- **Detailliert ausgewertete Logs** (nach cross-check) stehen ebenfalls unter Verwendung des früher zugewiesenen Passworts zur Verfügung.
- **Bitte beachten, dass sich alle Teilnehmer mit der Logeinreichung konform zu allen Wettkampfregele erklären, u.a. zur genutzten Sendeleistung, d.h. max 100 W / 5 W (QRP) HF output. Der Ham-Spirit zählt!**
- **Bitte Verbesserungshinweise zum Contest an den Contest Manager schicken!**

Remark:

- The results have been made available 19 November on the Contest Evaluator together with the detailed evaluated logs. All participants have been informed. During the results objection period (until 22 November) all participants were able to react. The results are final now.
- Individual **Certificates** can be downloaded from the Contest Evaluator via <https://sites.google.com/view/hsc-contest/home>
- **Detailed evaluated logs** (after cross-check) are also available. The earlier assigned password is required.
- **Please note, while submitting their logs all participants declare themselves to be compliant with all contest rules, i.e. on the used transmit power which is max 100 W / 5 W (QRP) HF output. We count on Ham-Spirit!**
- **Please send any suggestions for improving the contest to the Contest Manager**

DF0HSC:

Just for fun. Non-members as mults make the contest less exciting.

DF2RQ:

this was fun again - used my new SDR radio - a ANAN G2 - 100W - and a Windom extended to 15m. This works quite well but missed the first 10min due some wrong settings on the computer - for a humble OM like me there are definitely too many settings - see you on the bands - 73 Michael, DF2RQ

DF5EN:

Nice to meet many contest participants again. I know at least 50 percent of the call signs in my log and tried to reach everyone who made it to my headphone/ears. I don't differentiate between members and non-members and don't care how many points and mults I get. The main thing is that there was a lot of action in the contest.

DH0GDS:

TNX to all, it was a nice contest.

DJ9AO:

With the new multiplier rule it seems that the contest is no longer about the HSC or its members.

DK0HSC:

2 1/2 Stunden mussten diesmal wegen Familien-QRL reichen. Trotz guter Conds diesmal wenig dxcc erreicht. IC7600 80w, ZS6BKW/FB33, op DK4LX

DL1VDL:

UFB Ausbreitungsbedingungen. Der Contest konnte eine Stunde länger gehen

DL5XL:

With conditions like these, this contest is really fun. There was no shortage of callers on all five bands. Unfortunately, the latest version of N1MM does not score the HSC contest correctly, so I did not really worry about finding multipliers and just tried to work as many stations as

I could. I liked the old rules better when only HSC stations qualified as a multiplier as the contest was more focused on working fellow HSC members back then. Nevertheless, I had three hours of fun on the radio and met many old (and new) friends.
