Hinweis:

- Die Resultate wurden bereits am 19.11. auf dem Contest Evaluator verfügbar gemacht, zusammen mit dem detailliert ausgewerteten Log. Alle Teilnehmer wurden informiert. Während der „Einspruchsfrist“ (bis 22.11.) konnte jeder Teilnehmer reagieren. Die Resultate sind jetzt endgültig.
- Individuelle **Teilnehmerurkunden** können mittels Contest Evaluator via <https://sites.google.com/view/hsc-contest/home> heruntergeladen werden.
- **Detailliert ausgewertete Logs** (nach cross-check) stehen ebenfalls unter Verwendung des früher zugewiesenen Passworts zur Verfügung.
- **Bitte beachten, dass sich alle Teilnehmer mit der Logeinreichung konform zu allen Wettkampfregele erklären, u.a. zur genutzten Sendeleistung, d.h. max 100 W / 5 W (QRP) HF output. Der Ham-Spirit zählt!**
- **Bitte Verbesserungshinweise zum Contest an den Contest Manager schicken!**

Remark:

- The results have been made available 19 November on the Contest Evaluator together with the detailed evaluated logs. All participants have been informed. During the results objection period (until 22 November) all participants were able to react. The results are final now.
- Individual **Certificates** can be downloaded from the Contest Evaluator via <https://sites.google.com/view/hsc-contest/home>
- **Detailed evaluated logs** (after cross-check) are also available. The earlier assigned password is required.
- **Please note, while submitting their logs all participants declare themselves to be compliant with all contest rules, i.e. on the used transmit power which is max 100 W / 5 W (QRP) HF output. We count on Ham-Spirit!**
- **Please send any suggestions for improving the contest to the Contest Manager**

DF0HSC:

Just for fun. Non-members as mults make the contest less exciting.

DF2RQ:

this was fun again - used my new SDR radio - a ANAN G2 - 100W - and a Windom extended to 15m. This works quite well but missed the first 10min due some wrong settings on the computer - for a humble OM like me there are definitely too many settings - see you on the bands - 73 Michael, DF2RQ

DF5EN:

Nice to meet many contest participants again. I know at least 50 percent of the call signs in my log and tried to reach everyone who made it to my headphone/ears. I don't differentiate between members and non-members and don't care how many points and multis I get. The main thing is that there was a lot of action in the contest.

DH0GDS:

TNX to all, it was a nice contest.

DJ9AO:

With the new multiplier rule it seems that the contest is no longer about the HSC or its members.

DK0HSC:

2 1/2 Stunden mussten diesmal wegen Familien-QRL reichen. Trotz guter Conds diesmal wenig dxcc erreicht. IC7600 80w, ZS6BKW/FB33, op DK4LX

DL1VDL:

UFB Ausbreitungsbedingungen. Der Contest konnte eine Stunde länger gehen

DL5XL:

With conditions like these, this contest is really fun. There was no shortage of callers on all five bands. Unfortunately, the latest version of N1MM does not score the HSC contest correctly, so I did not really worry about finding multipliers and just tried to work as many stations as

I could. I liked the old rules better when only HSC stations qualified as a multiplier as the contest was more focused on working fellow HSC members back then. Nevertheless, I had three hours of fun on the radio and met many old (and new) friends.
